LAB. Wedding Concierge Eternity Grid

WHAT DO I NEED TO KNOW:

• 3 styles available: Round brilliant channel set, Round brilliant claw set and Princess cut channel set eternity.
• The 3 styles can be ordered in sizes K, M, O, Q, S, U & W in 14kt, 18kt and Platinum.
• The size of the diamonds remains the same for the different styles, only the finger size changes. Therefore, the diamond weights are different for each finger size.
• Due to this, each size will be different pricing.
• All special orders will come with a SCS diamond certification.
• These rings CANNOT be resized.
• Quotes for diamond grades lower than E VVS will not be approved – the lab diamond grade shown on this grid is the best possible grade that can consistently be grown now, so quotes for higher diamond grades may not be possible. Please attempt to direct your customer to these options before requesting quotes in different grades.
• Please reference the Wedding Concierge Grids for the mined special order sku's.

ROUND BRILLIANT CHANNEL SET
